LISTEN TO
YOUR
INNER
VOICE

Deep inside me
A voice afloat
When I lose a direction
The voice guides me
Towards a light beam.
On the days when I am perplexed
Or feeling low
The voice guides me
And provides me an inkling of hope.
If I commit anything wrong or conceal something
The voice transforms into a screech
To abstain me from doing it.
The voice says firmly believe in yourself
And avoid following the herd mentality,
Wherever I offer a hand to others
The voice applauds me
For my good deed.
Many a times the voice collides with my mind
In the end the victor is the voice
At times I wonder
From where the voice crop up
It appears and disappears
Within a wink of an eye
Whenever I get a solution of my problem.
The voice loves to sneak peak with me
But I was determined for the search,
And I went deep inside my soul
At last the hunt came to an end
And I succeeded in recognizing the voice
It's my inner voice
That comes from core of my heart.
